KIT CONTAINS 1 OF EACH:

### Mini Reflector

Create a softer flash light.  
Ideal for close-up photography.

### Globe Diffuser

Create a soft & even diffused light all around.  
Perfect to avoid unwanted reflection on subjects.

### Honeycomb

Create a precise & direct light output.  
Produces a more concentrated & precise light.

### Conical Snoot

Create a spot effect.  
Creates a particular focus on your subject.

### Barndoor

Control the spread of light.  
Able to limit the light amount & illumination area.

### Softbox

Soft & even light distribution.

### Softbox Colour Mask

\*Camera & Flash not included
